Customer Reviews

The time when small business can not afford to advertise is long gone. Today Social Media is a most powerful tool. If you do not know how to use the benefits that social media offer, you absolutely need to read this book! Nowadays, we use this kind of communication to upload videos, images, comment but there is much more to it. You can use this marketing platform to make your business grow. An excellent guide to master, manipulate and dominate social media like Facebook, Twitter, Instagram, Youtube. Even a beginner entrepreneur with no knowledge of social media can easily become marketing guru. Thanks to this book, you can easily transform your target audience into your new customers.

With the manner that the Social Media is making its presence so much felt these days, reading books on how these sites can be manipulated, especially for business purposes, is a smart thing. And this book is one great reference anyone can have. It has talked about Social Media Marketing in a thorough and comprehensible way. Using Facebook, Twitter, YouTube, Instagram and LinkedIn has been made easier with this book.

Social media dominates in today's generation. Many uses it a source of income and others is just for fun and communication. This is a great book to share to my daughter. She loves social media and I think most if not all of the newest social media site she has an active account. This can help her dominate and manipulate her accounts while earning on it. Great guide.

For a successful business now-days, social media is an important factor. This book is perfect for anyone looking to expand their businesses in professional way. It contains best strategies to grow your social media accounts. If you're an owner of business or you're just a regular person who maybe wants to dominate social media, you MUST read this book because it will help you in so many ways.

Impressive book! I consider this book my social media marketing bible. Had I not read this book, I would still be intimidated and overwhelmed by the thought of using social networks for my business. after having read this book, I am confident that I can create a strong strategy that will play a major role in the success of my business. This book can definitely guide you how to be successful in social media and how to use 100% of it. It is perfect for anyone looking to expand their businesses in professional way. So if you're looking to learn how to advertise yourself, get followers or different stuff on social media, you definitely should buy this book, totally worth it. I would recommended this book.

Social media is crucial these days for any kind of business. It is much harder to expand your customer base and earn bigger profit if you don't know how to use it properly, maybe even impossible. This book makes that easier. It is a detailed, comprehensive guide, really lots of information about every aspect of it â " SEO, keywords, Google searches, hashtags, retweetsâ | Practically everything you can think of related to social media. It is really a lot and can seem overwhelming, but if you implement it in your business strategy bit by bit, it can boost your business for sure. Give it a try, you won't regret it.

Couple of months ago, my sister started her own business which of course included finding her place in the online world. Being a beginner and not knowing everything there is to know she made some mistakes. Since I'm starting something on my own she bought this book for me to help me out. Only now, after I have read this I realize where things went a bit wrong and how much easier would it be for her if she had learned something from this author on time. I would definitely recommend it to all fresh entrepreneurs to improve their business start.

A great book with lot's of information on how you can optimize and promote your website or blog. And of course a lot about how to use different social media sites (Facebook, Twitter, Youtube) to grow your business.
