# Own The Wind: A Chaos Novel

## Synopsis

Too hot to handle... Tabitha Allen grew up in the thick of Chaos - the Chaos Motorcycle Club, that is. Her father is Chaos' leader, and the club has always had her back. But one rider was different from the start. When Tabby was running wild, Shy Cage was there. When tragedy tore her life apart, he helped her piece it back together. And now, Tabby's thinking about much more than friendship.... Tabby is everything Shy's ever wanted, but everything he thinks he can't have. She's beautiful, smart, and as his friend's daughter, untouchable. Shy never expected more than friendship, so when Tabby indicates she wants more - much more - he feels like the luckiest man alive. But even lucky men can crash and burn....

## Book Information

Audible Audio Edition

Listening Length: 11 hours and 31 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Hachette Audio

Audible.com Release Date: June 26, 2013

Whispersync for Voice: Ready

ASIN: B00DN82ZTK

Best Sellers Rank: #51 in Books > Audible Audiobooks > Fiction & Literature > Erotica #212 in Books > Audible Audiobooks > Romance > Suspense #554 in Books > Audible Audiobooks > Romance > Contemporary

## Customer Reviews

I gave this 3 stars out of a sense of loyalty, but really, this is getting ridiculous. KA has held reigning title as absolute FAVE author, for quite sometime. But with her last 3 releases, I'm starting to forget why. Truthfully if I had started reading her at Creed, Raid or OTW..I wouldn't have bothered to read anything else. Where's the struggle? Where's the gut wrenching emotional trauma? Where's the fierce (sometimes gruesome) action sequences? AND WHEN THE HECK DID KA START WRITING CHICK LITE!!!??? She used to create these scenarios, and character development, and deeply painful moments of vulnerability. Her books used to be about something other than a never ending stream of the same sex scenes that we've already read in every other book. SPOILERS>>>By my count there were several different places where an actual plot point could have happened: \*Shy's

Parents (really...just wasn't worth some more pages?), his brother is in the military (like that's not scary),and I'm sorry but I think both Rosalie and the fiance situations could have certainly carried more script and garnered an emotional reaction if some development had gone into it, if she had bothered to allow Tabby some insecurity. Motorcycle Man, same general situation with another woman comes into play, and we get to see how that plays out in Tyra's head, the kind of insecurity and hurt it causes her and we get to watch Tack help her deal. And she just glosses the whole thing over. And why in God's name is Shy not a wreck? Why can't we see him struggle to try and pull his hot-messedness together?Her last 3 books content have all been cut in half, I'm really starting to wonder if (gasp and shudder) she isn't just tossing these to the publisher to get a check. I know, I know...

The first thing I did after I finished reading Motorcycle Man was look up if Tabby, Tack's daughter, had her own book. I was super excited to find out that in fact she did have a book!! In the last chapter of Motorcycle Man we find out that Tabby had a crush on Shy, the playboy-recruit who is anything but Shy.I really liked Tabby from Motorcycle Man, she was raised by a badass and thus has a badass attitude. She never really cared for her mother and hasn't had anyone in her life, besides Tyra, who she adores. When Shy gives her a wake up call, she is beyond disappointed with him because her image of him is tainted. She is really a strong woman and everything that she goes through is harsh and unimaginable, and just makes her stronger. She's only 23ish and her life is more complicated than most people. She is a very introverted person when it comes with dealing with problems and that sometimes frustrated me. Nevertheless, the Chaos princess did not disappoint. She got her man at the end.Shy is a very unique name. I can't imagine calling my man Shy, nevertheless, don't let the name fool you. Shy, as previously mentioned, is anything but Shy and his personality is something that I loved about him. He was a passionate man, understanding, loving man, everything Tabby needed in a man. Shy is Chaos and the brotherhood he has with Chaos is something he deeply cherish. However, he is willing to give up everything for the woman he loves and that says a lot about the type of person he is. He had a shitty upbringing but that doesn't reflect anything on him. He is bitter, but everyone would be bitter if they were in his situation. I feel like every Kristen Ashley male character has very, extremely, similar characteristics.
