The Joy Of Hate: How To Triumph Over Whiners In The Age Of Phony Outrage

Synopsis

From the irreverent star of Fox News's Red Eye and The Five, hilarious observations on the manufactured outrage of an oversensitive, wussified culture. Greg Gutfeld hates artificial tolerance. At the root of every single major political conflict is the annoying coddling Americans must endure of these harebrained liberal hypocrisies. In fact, most of the time liberals use the mantle of tolerance as a guise for their pathetic intolerance. And what we really need is smart intolerance, or as Gutfeld reminds us, what we used to call common sense. The Joy of Hate tackles this conundrum head on - replacing the idiocy of open-mindedness with a shrewd judgmentalism that rejects stupid ideas, notions, and people. With countless examples grabbed from the headlines, Gutfeld provides readers with the enormous tally of what pisses us all off. For example: The double standard: You can make fun of Christians, but God forbid Muslims. It's okay to call a woman any name imaginable, as long as she's a Republican. And no problem if you're a bigot, as long as you're politically correct about it. The demonizing of the Tea Party and romanticizing of the Occupy Wall Streeters. The media who are always offended (see MSNBC lineup) How critics of Obamacare or illegal immigration are somehow immediately labeled racists. The endless debate over the Ground Zero Mosque (which Gutfeld planned to open a Muslim gay bar next to). As well as pretentious music criticism, slow-moving ceiling fans, and snotty restaurant hostesses. Funny and sarcastic to the point of being mean (but in a nice way), The Joy of Hate points out the true jerks in this society and tells them all off.

Book Information

Audible Audio Edition

Listening Length: 7 hours and 15 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Random House Audio

Audible.com Release Date: November 13, 2012

ASIN: B00A6G66WE

Best Sellers Rank: #46 in Books > Audible Audiobooks > Humor > Political Humor #257

in Books > Audible Audiobooks > Humor > Essays #475 in Books > Humor & Entertainment > Humor > Political

Customer Reviews

First of all, thanks, Gutfeld, for writing the book I've wanted to write for ten years, then making me break my rule of not EVER spending a penny for a book on Kindle! I am currently reading this book, but my attention span, being what it is, made me come in and write this review because THANK GOD for an honest book about American society for a change. I recently stopped my Facebook, OK, to be honest, I was thrown out for not being the happy happy, hearts and flowers writer, but also because I have been disowned by my family for writing "bad" things about them (that they were true wasn't the point). This recent election taught me that cavorting with the happy people on Facebook was a waste of my time since obviously my astute economic analyses and pointing out issues like it would be nice to have a president who showed up for work once in a while, and maybe it's not a good thing that he colluded with Medvedev when he thought the mike was off, and Benghazi and on and on, and was completely ignored. But then again, I am one of those gun toting, racist morons who listens to Fox News, so what do I know? And that the fact that he spent an hour on the rubble that was once the Jersey Shore changed enough minds to get Axelrod errr Obama elected for four more years of that "change" we still don't really understand, but who cares? He spent an hour walking with a fawning Chris Christie (who I was TOLD was a Republican - geez am I dumb or what for believing that?) on the Jersey Shore, thus giving the mainstream media the exact ammunition to spread all over their "news" those last few days before the election. And all those educated people could change their mind at the last minute because, well, he has that big Hollywood smile and he's so presidential on that rubble!
