# The Sleeping Prince: The Sin Eater's Daughter, Book 2

## Synopsis

Return to the darkly beautiful world of *The Sin Eater's Daughter* with a sequel that will leave you awed, terrified...and desperate for more. Ever since her brother Lief disappeared, Errin's life has gone from bad to worse. Not only must she care for her sick mother, she has to scrape together rent money by selling illegal herbal cures. But none of that compares to the threat of the vengeful Sleeping Prince, whom the Queen just awoke from his enchanted sleep. When her village is evacuated as part of the war against the Sleeping Prince, Errin is left desperate and homeless. The only person she can turn to is the mysterious Silas, a young man who buys Errin's herbs to cast dangerous spells she was never supposed to see. Silas promises to help Errin, but when he's taken by the Prince's forces, Errin must journey across her war-ravaged kingdom to find Silas's family - a legendary band of alchemists with the power to cure Errin's mother. But their abilities come at a great cost, and with the Sleeping Prince drawing nearer, Errin must make a heartbreaking choice that could affect the whole kingdom.

## Customer Reviews

A fantastic sequel! *The Sleeping Prince* has it all. Surprising twists, a shocking ending, a strong heroine, a villain who gives evil a whole new name, romance, and a rich mythology with all the right fantasy elements. This was a book that surprised me, and I enjoyed every moment I spent reading it! The darker fairy tale elements added a lot to this story, and it's mythology. Picking up where *The*

Sin Eater's Daughter left off, readers will have no time being thrown right back into the rich world Salisbury has created in this companion story. This book introduces readers to some new characters, as well as continues the story of previously introduced character. While this particular story follows that of Errin, it does tie her story with Twylla's, whom The Sin Eater's Daughter story is about. Errin, Lief's sister, is an awesome heroine! She possesses all the qualities I love in a heroine. She is witty, independent, stubborn, loyal, and is someone who is not easily deterred. These qualities help her face all the dangers and unexpected twists she encounters in her story. This girl definitely has a lot going against her. Not only is she trying to find a cure for her ailing mother, she's also hoping that her brother is alive and has survived the fury of the Sleeping Prince, Aurek, who's awoken with a vengeance. Not only that, I swear trouble follows this girl every where she goes. Every great heroine needs a loyal friend. Silas is that person. One of the things I love about the way Silas is written. At first he's not only a mysterious, hooded character, it's hard to decipher what it is that's really going on between he and Errin.

Original review link: [...]Holy MOLY this book! Second book syndrome? Ha!Not in this one!The Sleeping Prince starts off with a new character, Errin (Leif's sister), after the events of The Sin Eater's Daughter. Left alone to care for her sick mother, Errin barely scrapes by making poisons for her enigmatic and only friend, Silas. However, when the threat of war looms near, she must go on an epic journey to get what she needs to save her mother and hopefully bring her brother home. What she discovers though will forever change the course of her destiny and those she loves. Ok, I'm going to be completely honest here. I COULD NOT for the life of me remember how The Sin Eater's Daughter ended. I had a general idea of the plot, but it's been awhile! I couldn't remember the details of the ending and it was DRIVING ME INSANE. Sometimes I just don't have the time to reread a whole series before the sequel comes out! I actually had to call my speed reading demon friend Jenn and have her read the last few chapters to tell me what happened. In a way though, you kind of didn't need to know what happened previously (besides the obvious points that I already remembered) because with the new characters, it read as a completely new novel for me "one that was AWESOME. Errin was so badass. And I don't mean that in the get s\*\*\* done kinda way, although that happens. No, I mean that she is willing to beg, borrow, blackmail, steal, and do whatever it takes to get what she wants to help her family. It was such a contrast to Twylla from the first book who I constantly found a bit lack luster and just never making the right choices. I loved Errin because of that.
