Customer Reviews

A brilliant little book that anyone can use regardless of whether they run a busy office or work from home part time. No matter what type of office you have this will save you heaps of time and years of stress. You will be able to find the most elusive documents from years ago right through to the latest phone bill. I love this book.

I loved this book, but I wish there was more to read! It was so helpful, that now I want to buy the paperback version on Helen's website! Thanks again Helen.
