Bach, JS - 6 Cello Suites BWV 1007 For Cello - Arranged By Fournier - International Edition

Customer Reviews

Awesome edition my daughter just turned 11 and received this as a birthday present with in 14 minutes she was playing it like a pro easy to read and easy to play awesome! ((She's been in cello for 2 years but it's second nature great instructor - so she was taught well to just be able to read and play))

This is my favorite edition of the Bach Suites, but when this copy arrived, I found that my tattered old one had much larger and clearer print. Same publisher and item number, but I had a hard time reading this edition. I returned it and found a gently used copy of the old edition on , which I ordered and am now happily using. On the outside, the main difference is a darker blue cover, and it's the 1972 edition

This edition give us insight into Fournier's approach to the Bach cello suites. It may not jive with today's authentic performance practices, but who cares? Listen to Fournier's Bach suites.

Good!!!
