## Customer Reviews

What a fascinating and well written text book. I learned so much from this book and even did the online stuff even though I was really pressed for time that semester. Marketing is not my major, but this book made we realize how vital and challenging it is. I had no idea.

Inexpensive to rent and short but sufficient chapters. What I loved most was the presentation of key terms and vocabulary. It was easy to pinpoint contextual definitions and critical details for online open book exams.

Bought this textbook for class and it arrived in excellent condition on time. The textbook itself is well written...very easy to read and follow! CourseMate has some additional tools online that are helpful but the website isn't very intuitive and it's a bit slow at loading.

Had to buy this book for a class but it's been a splendid, easy read thus far. Definitely recommend it!

Every chapter has been a quick and easy read. Really love it because I am taking an online course. Apparently, I do not need a teacher. Everything I need to learn is understood from my readings.

It was what I needed for my summer class, and it was new as could be upon arrival. Would recommend this to anyone who is looking for it online.

LOVED this book. Such fascinating info pertaining to consumer behavior with many statistics in the back. I highly recommend.

This book is great and the online portion is really helpful.
