Customer Reviews

I bought for my younger brother who is learning piano and loves Mario. He tells me it's a lot harder than he expected but he's playing most of the songs and it's great!

bueno

I bought this book in order to play the music from the beloved Mario series. I was mistaken, but I should have looked closer and seen that it was for "New" Super Mario Bros on the Nintendo Wii, not the classic music. The "ground theme" is not even the ground theme. It's some horrible new music. Don't buy this book, unless you happen to be in love with the music from the Wii version of Mario.
