Customer Reviews

Great read, very helpful. If you like The great Rev. Ike and Neville Goddard you will love this book.

It was a good list of affirmations compiled together. Personally I believe that affirmation should be personalized to the individual but this book is a great start. If you want to you can add one or two things to the affirmations to make them yours. The key here as Justin said is to say them with feeling. If you can say 10 of these with feelings on a consistent basis in the short period of time you should experience massive changes in your life.

This is a great read to recondition your mind into thinking and feeling positive thoughts on money, wealth and prosperity. Why have thoughts of lack, fear and doubt when they can be of gratitude, wealth, love and prosperity?

They say don't judge a book by its cover; I say don't judge a book for its simplicity, for simplicity is often the answer to our complicated and overly convoluted problems. Read this book and speak these affirmations as much as you can, for the way you speak to yourself and about the world

around you has as much if not more to do about the world around you than the world around you in itself. Put simply, your thoughts, words, beliefs, shape your words and actions which form your habits and form your life which repeats and repeats only what it knows. Speak love. Receive it. God bless.

This is a very easy to read, but yet powerful book that I strongly recommend. This gives you affirmations to attract abundance.

It was short clear and to the point. I really liked it. Highly recommend.

Very good affirmations!!!
