The twists and turns continue in our story in the 12th installment of the Shade books. I must say I have never laughed quite so much reading the other Shade books, but this one had me giggling quite a bit! Who knew our Bella was a comedian?? • The love triangle that emerged in Book 11 is brought to further light in book 12. Whoever you were rooting for to win Caleb's affection in Book 11, prepare yourself for some crazy twists in the story. Witches, witches, everywhere . . . and I still despise them all. UGH! They may be divided into two different kinds of covens, but I still can't say I like either side. Bella introduces a new character (or should I say creature) that literally makes my skin crawl. And with that introduction, havoc ensues. Ben does the unthinkable . . . (and I'll just leave it at that since I don't want to give anything away). Love is put to the ultimate test for many of our favorite characters. Will they or won't they survive the test??? And Bella really leaves a piece of herself in this story . . . Happy Reading!!! Now I have a lot of waiting to do for Book 13! Roll on May 15th!

Every book in the series is awesome! The story never gets boring and you never know what will happen next! When the book ends you can't wait for the next. I hope there tons of books still left in this series. I will really be sad when it does end!!!! Keep them coming Bella think you can arrange a book a week for us who are addicted?

Wow! What an amazing ride! Bella has done it again. This book had me at the edge of my seat with every page that I turned. It is a great addition to The Shade series. She starts where we left off in Book 11 with our beloved characters in complex situations and takes us to unsuspecting territory throughout the book. Be ready to laugh cause this one has some great one liners and funny scenes that will make you say, "YES!!!" out loud.

Absolutely loved this instalment. As it picks up from the cliffhanger at the end of book 12, rose, celeb and annora find themselves stuck together, as Rose's character continues to grow she brings real humor into this book. While back at the shade the witches are causing trouble again! I love how even though we are on book 12 bellas writing continues to keep me enthralled and waiting with bated breath for the next release, book 13 can't come quick enough.

Bella Forrest is such an amazing author. She creates a world that I'd love to live in and do live in while I'm reading her books. This series has been nothing but amazing and I cannot wait for the next book. I hope Bella never stops writing because that would be truly heartbreaking. The amount of suspense and the complexity of the characters she has created makes you never want to leave the world of the Shade. Truly a masterpiece that I hope never ends. Thank you so much Bella for creating this world and continuing to write these amazing stories so quickly. I love that she interacts with her fans as well. I would recommend this series until I'm blue in the face! The worlds she describes are so detailed that a reader of any level begins to picture them clearly in their head.

I have to say I am so glad that Bella Forrest decided to return to The Shade last December and pick up Derek, Sofia and the twins story again and I am so glad that thereâ™s only about a monthâ™s wait in between these new releases! Iâ™m in awe that after all these books she can still keep the storyline going strong and continue to surprise me in each book! To me, this latest installment really felt like old-school Shade, it really brought me back to the feel of some of the earlier books and I loved that. Iâ™m worried for all of the issues that they are facing at The Shade but Iâ™m looking forward to seeing the residents, led by Derek and Sofia, band together to figure it out like in the good ole days. Itâ™s anyoneâ™s guess where things are going to go, but one thing I do know is that Iâ™ll be along for the ride!! Iâ™m still in love with the Caleb/Rose storyline and Iâ™m really nervous for them based on how things left off here. I hope that Caleb can figure out the truth before too long! Poor Rose, that girl cannot catch a break. I seriously hate Annora, more so now than when she was an evil witch, but there quite a few comical moments as her and Rose fought for Calebâ™s affection. I like how every so often thereâ™s some comic relief to all the craziness thatâ™s happening. Iâ™m also worried for Mona, which I never thought Iâ™d say seeing as I couldnâ™t stand her in the Shade of Kiev books, funny how your perception of a character can change over time! And I was totally surprised with Benâ™s storyline, I really hope we get more on that in the next book. I have no idea how thatâ™ll turn out! I saw Bellaâ™s note at the end of the book where she said she thinks book 13 will be the most epic yet, so I canâ™t wait for May to get here so I can see what happens next! Keep the books coming!
