# A Funny Thing Happened On The Way To Heaven: Or, How I Made Peace With The Paranormal And Stigmatized Zealots And Cynics In The Process

## Synopsis

In this book, Corey Taylor undertakes something never before attempted in the history of rock superstardom: he takes you with him as he journeys undercover through various ghostbusting groups who do their best to gather information and evidence about the existence of spirits. Some are more credible than others, and, frankly, some are completely insane, but all are observed with appropriate seriousness as Taylor attempts to better understand some of the spooky things that have happened to him in his life, especially that night at the Cold House. But that's not all, folks. Taylor once again gives you a behind-the-scenes tour of his crazy life and the many beyond-the-grave events he's encountered. (You'll be shocked how often Slipknot has been invaded by the supernatural). Taylor also touches on his religious background and how it led him to believe in much more than the Man in the Sky.

## Book Information

Audible Audio Edition

Listening Length: 7 hours and 28 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Tantor Audio

Audible.com Release Date: July 16, 2013

ASIN: B00D8DFEFC

Best Sellers Rank: #31 in Books > Arts & Photography > Music > Biographies > Heavy Metal

#36 in Books > Arts & Photography > Music > Musical Genres > Heavy Metal #64 in Books >

Audible Audiobooks > Arts & Entertainment > Music

## Customer Reviews

My rating: 4.5 of 5 stars A copy of *A Funny Thing Happened on the Way to Heaven* was provided to me by Da Capo Press for review purposes. 'Thinking back now, it was really just a creepy house that creaked and shuddered, but to impressionable nine-year-olds, it was the vacation spot of the devil itself.' To give you all a proper introduction for those who are unaware, Corey Taylor is the lead singer of Slipknot and Stone Sour and the author of *Seven Deadly Sins*. '*A Funny Thing Happened*' is a worthy follow-up novel and another tantalizing look into the mind of an incredibly interesting man. At face value I was expecting '*A Funny Thing Happened*' to be a random smattering of ghostly

encounters he has had over the years, and it is, yet it's a fascinating exploration into the reasoning behind ghosts. His scientific details will definitely get you wondering because his hypotheses generated some genuinely possible answers. Surprisingly intellectual and educational, 'A Funny Thing Happened' is definitely a conduit that spurs some serious debates regarding the existence of the paranormal. 'Cynics will claim that my "eyewitness accounts" can easily be described as "flights of fancy," or "the trappings of an overactive imagination." [...] the one I hate even worse than those others: "You saw what you wanted to see and nothing more." Let me f\*\*\*ing tell you something: I did not want to see this s\*\*\*, and I still do not want to see this s\*\*\*.' 'A Funny Thing Happened' is written with a humor that is harsh and biting yet oh so entertaining. This is a man that isn't afraid to speak his mind yet is graciously considerate of others' beliefs. He's mindful and respectful of others' beliefs regardless of whether or not he shares them.

Why would you buy this book? If you love ghost stories told to you by the front man of your favorite metal band, then this is the book for you. If you like wandering monologues on existential angst, that might mirror your own inner struggle, then again this is the book for you. If you want to pretend you are Corey Taylor's best friend, this is a lovely read for those who like to be spooked. If you want a first hand account of experiencing the unexplainable, or a front row seat to someone who is awakening to their psychic gifts of becoming a medium and has no clue, then this fills the bill. If you want answers, then this is not the book you are searching for. Nor does it pretend to be. If you want the worst advice on dealing with a hostile energy, then yes, this is it! Chapter by chapter, Corey Taylor takes you on a cross time, cross country, road trip of the ghosts he has encountered. He takes us into public and private places that not everyone has full access to. Corey collects ghost encounters like some folk collect expensive wine. He savors these stories like exotic treasures, laying them out for us all to vicariously sup at his table. He even has his own pet ghosts which reside in his humble abode (that is after leaving the dangerous ghosts from the last place he lived behind for the next owner to deal with). If you are open to the energies of the paranormal, then Corey's stumbling into ghosts, some of them just plain dark, will make you shake your head and ask, 'what was he thinking?' Sometimes he's been scared, really scared, but he keeps coming back for more. Granted not everyone sees ghosts... yet. He has been exposed to things he cannot explain, and has been working on a theory to explain his experiences.
